

Figure 6

Figure 6 displays two bar charts side-by-side, labeled (a) and (b). Both charts show the percentage of respondents for different categories across three groups: 'All respondents', 'Non-respondents', and 'Respondents'. The y-axis for both charts ranges from 0% to 100% in increments of 20%. The x-axis for both charts lists five categories: 'No opinion', 'Not important', 'Important', 'Very important', and 'Extremely important'.

(a)

Category	All respondents (%)	Non-respondents (%)	Respondents (%)
No opinion	~10	~10	~10
Not important	~10	~10	~10
Important	~40	~40	~40
Very important	~30	~30	~30
Extremely important	~10	~10	~10

(b)

Category	All respondents (%)	Non-respondents (%)	Respondents (%)
No opinion	~10	~10	~10
Not important	~10	~10	~10
Important	~40	~40	~40
Very important	~30	~30	~30
Extremely important	~10	~10	~10
